Building:

Estimated Value of Construction

Length

Width

Height

I have submitted a site plan indicating the location of all property lines, all existing and proposed buildings, the distances between all property lines and the closest wall of the nearest building, the location of all existing and proposed roads and a north arrow to establish orientation of the site plan.

I hereby agree to comply with the Building Bylaw of the municipality and acknowledge that it is my responsibility to ensure compliance with the municipal building bylaw, provincial legislation, and the National Building Code of Canada regardless of any review of drawings or inspections that may or may not be carried out by an inspector.

It is expressly understood that the municipality requires building inspections to be called for at various stages of construction, as outlined in the building bylaw, and that it is my responsibility to contact the municipal building inspector to ensure that building inspections are carried out at the required intervals. Failure to notify the municipal building inspector at the required intervals of construction may result in forfeiture of the occupancy deposit, in part or in whole, additional inspection fees, the issuance of a stop work order, and/or other action outlined in the municipal building bylaw.

I understand that this permit expires six months from the date of issue if work is not commenced within that period, or two years from the date on which the permit was issued; and any deviation, omission or revision to the approved application requires approval of Council, or its authorized representative.

I understand that additional inspection fees may be charged for extra inspections, non-scheduled inspections and re-inspections
